## Benefits of Training

**Buy Training Credits on Sale Until June 30**

- **Upskill staff:** Take advantage of our end of financial year sale by upskilling your staff. Learn about the latest Zedmed features including electronic signatures and new templates. Also review staff workflows to maximise efficiencies.
- **Increase security:** Our training will ensure that you and your staff are following best practices to help your data stay secure in today's ever changing cyber security landscape.
- **Maximise return on investment:** By investing in software training, you allow your staff to acquire new skills and increase practice productivity and efficiency. This allows your company to save both time and money, and is where Zedmed's ROI will show.
- **Increase staff morale:** Training staff how to use Zedmed properly will remove any existing challenges/frustrations they might have and could reduce staff turnover.
- **Buy today on sale:** Buy training credits today at our discounted rate and save them for the onboarding of any new staff or upskilling needed over the next two years!
